

2024 LEGISLATIVE SESSION- WEEK 6 UPDATE

Bill Statistics

- 1935 Bills filed
 - 980 filed in the House
 - 955 filed in the Senate

40-Day Drill Down:

- Focus is quickly shifting to Floor consideration of Legislation rather than Committee work. Bills still not heard in all assigned committees now have a shrinking likelihood of passage. Many committees are winding down their work, and several are no longer meeting.
- On the Senate side, there are only 10 days of meetings left for all committees except the Rules Committee - though the President can approve an override of the rule. And for a measure to be considered on the Senate floor, the bill or its companion measure must have been approved by at least one committee under Senate Rule 4.31. That rule can only be waived by unanimous consent of the full Senate.
- The 40th-Day Rule: The only rule change after the 40-day mark involves a parliamentary procedure to save bills that don't appear to have enough votes in committee. That move is called reconsideration and can keep a bill alive in committee to let members reconsider the vote at a later meeting. But under House Rule 7.15 (b), that move isn't allowed after the 40th day, with many committees no longer scheduling meetings.
- 22 Bills have been Enrolled and presented to the Governor thus far.
 - Pursuant to Article III, section 8, of the Florida Constitution, "Every bill passed by the Legislature shall be presented to the Governor for approval and shall become a law if the Governor approves and signs it, or fails to veto it within seven consecutive days after presentation. If during that period or on the seventh day the Legislature adjourns sine die or takes a recess of more than thirty days, the Governor shall have fifteen consecutive days from the date of presentation to act on the bill."
