

FOR THE VOLUNTEERS OF THE MARTIN COUNTY LIBRARY SYSTEM

Welcome New Library Staff!

Esther Strunk comes to us with a diverse background and a wealth of experience that will undoubtedly enrich our team! She has joined the Robert Morgade Library as a full time Library Specialist.

Angel Ohler comes to us with a background in graphic design, event organization, and community engagement, Angel is poised to make a significant impact in our organization. He has joined the Robert Morgade Library as a part time Library Specialist.

We have long known that we could not be a great library system without our volunteers, and our Story Time and Music & Motion volunteers are no exception! **Judi, Camille, and Christine** are a vital part of the success and popularity of our recurrent Children's programming - each of them bring a warmth and sense of humor to our programs that foster a welcoming environment and a strong community for our youngest patrons and their families. They help with setting up and breaking down programs; handing out instruments and scarves (while singing and dancing along!); brainstorming ways to improve our programming; and have even recently taken on the task of supporting staff in the Children's area after our busiest programs. These ladies are unfailing in their support of our staff and patrons, and I know that I can rely on each of these volunteers to treat every program participant with respect and kindness, which is a major reason that our patrons keep coming back for more! I am grateful for the dedication and friendship shown by **Judi, Camille, and Christine**, and look forward to many more adventures together at the library.

- Haley Bernhard, Children's Assistant

Judi & Camille
